

# Cooking club

Aisha, Lisa, Betty and Mary are making an apple pie. Each one is in charge of a part of the process; mixing dough, rolling crust, peeling apples and measuring the sugar.

Aisha asked the girl measuring the sugar to check the temperature of the oven.

Lisa, the girl with the rolling pin and the girl with the pastry blender wanted to eat part of the pie.

Mary cut her finger and had to go to see the school nurse.

Betty thought the girl rolling out the crust had the hardest job.

Can you find who is doing what?
