

Class Charity Challenge

A class of 32 children decide to save for one year. The children agree that the minimum amount to be given by each child every month is 35p.

Eight children agree to give the minimum amount plus an extra 12p.

Seven children agree they will give the minimum amount plus 24p.

Five children agree they will give twice the minimum amount.

The rest of the class each give 75p.
The teacher gives £1.

How much will the class collect for the charity in one year?
